# ArthrexLive – Knee Surgery Symposium

Friday, January 22, 2016 | The Ark Conference Centre, Basingstoke

Helping Surgeons Treat Their Patients Better™

## The First ArthrexLive – Knee Surgery Symposium...

...promises to be an exciting, varied and informative day packed with presentations and debate amongst live surgery and multiple cadaveric demonstration sessions.

The surgery and cadaveric demonstrations will be viewed in crystal clear high definition, utilising Arthrex Synergy<sup>HD3</sup> camera systems, through live video and audio links from the operating theatre and Mobile Surgical Skills Lab.

International guest speakers **Dr. Pat Smith, MD** (Missouri, US) and **Dr. Bertrand Sonnery Cottet, MD** (Lyon, France) will be offering their input on ACL and ALL surgery and use of biologics, whilst the UK faculty will be contributing their knowledge and experience to also include meniscal repair and transplant, PCL, trochleoplasty and applications of *InternalBrace*<sup>TM</sup> whilst they perform and discuss the latest techniques on arthroscopic knee surgery.

### Who should attend?

The course is aimed at surgeons of all levels of experience and interest in arthroscopic knee surgery and sports injuries.

### Venue

The Ark Centre at the North Hampshire Hospital is our host for this event, itself holding an excellent reputation within the Hampshire Hospitals NHS Foundation Trust which serves a population of approximately 600,000 across Hampshire and parts of West Berkshire.

**By car:** The Ark Centre is easily accessible from the South of England, the Midlands and London area. Only a few minutes from Junctions 6 and 7 of the M3 motorway and close to other major motorways and trunk roads: M4, M27 and A34.

**By train:** only 10 minutes away from Basingstoke train station, with frequent services to London Waterloo and links to South West & cross country services.

**By air:** Only 45 minutes drive from either Heathrow or Southampton airports.
